## Company Vision and Value Statement

- Slogan: "LPG Excellence, Mitan Assurance"
- Core Value Statement: MITAN Energy aims to "light the way to a sustainable future" by delivering energy solutions grounded in quality, safety, and customer satisfaction.
- Company Pillars: Innovation, reliability, sustainability, and customer satisfaction are at the heart of MITAN Energy's operational and service philosophy.

## Introduction and Background

MITAN Energy Company Limited is a primary off-taker of Liquefied Petroleum Gas (LPG) from the Ovade-Ogharefe Gas Processing Plant in Nigeria. The company's commitment to high standards is reflected in the LPG quality, consisting of over 85% butane and less than 15% propane. The product complies with Nigerian Midstream and Downstream Petroleum Regulatory Authority (NMDPRA) standards, affirming it among the best LPG offerings in Nigeria.

## Mission Statement

- Tagline: "Fueling Tomorrow, Today"

- Mission Objectives:

- Energy Accessibility: Enhance accessibility to clean energy through efficient LPG distribution.
- Sustainable Distribution: Promote environmental sustainability through safe and responsible energy solutions.
- Regional Economic Growth: Actively contribute to economic development in regions served by the company.

## Services Offered

MITAN Energy provides a range of specialized LPG services, including:

### 1. Licensed LPG Offtake and Distribution

- MITAN Energy is a licensed LPG off-taker, ensuring full regulatory compliance in the LPG distribution process. The company supplies high-quality LPG to a wide array of industries across Nigeria, adhering to stringent safety and quality standards.

### 2. LPG Allocation and Procurement

- Allocation: Through strategic partnerships, MITAN Energy secures reliable LPG allocations, allowing them to offer a continuous, uninterrupted supply to clients.
- Procurement Services: MITAN Energy sources only the best quality LPG in the market, giving clients peace of mind with a trustworthy and consistent product supply.

### 3. Express Loading System

- MITAN Energy has an Express Loading System, promising swift loading within two days of payment confirmation. This service is aimed at maximizing efficiency for clients who need rapid access to LPG for their operations.

## Operational Workflow

MITAN Energy has established a transparent and client-friendly operational process:

### - Order Placement

- Clients can place LPG orders through MITAN Energy's website or by contacting customer support directly.

### - Payment Process

- Payments are made to the verified Sterling Bank account for MITAN Energy Company Limited:
  - Account Number: 0095342532
  - Bank: Sterling Bank
- MITAN Energy emphasizes secure and transparent transactions, fostering trust with clients.

### - Loading and Delivery

- Loading Time: Guaranteed within two days after payment confirmation.
- Delivery Options: Clients have the flexibility to use MITAN's linked logistics partners or to provide their own transportation, ensuring convenience and adaptability.

### - Transparency in Operations

- MITAN Energy prides itself on clear communication, fair practices, and transparent collaboration throughout the operational process.

### - Product Security - Sealed for Safety

- After loading, all LPG products are securely sealed to provide tamper evidence. This ensures that clients can verify the integrity of the product upon receipt, enhancing trust and reliability.
